Payment Methods

We accept MasterCard, Visa, American Express, Discover, PayPal, and Money Orders.

Sales Tax

All orders delivered within the State of Florida are subject to Florida Sales Tax.

Privacy

Mid-East does not share any information with third parties outside of the normal course of business, except when specifically requested. Periodically we send news about special promotions, offers, or new instruments. We respect your preference, however, to limit this communication. To be removed from the email mailing list, please contact us.

Catalog Preferences

We want our catalogs to be welcome. If you do not wish to receive our catalogs, please contact us.

Price Changes

All prices, special packaging costs, shipping allowances and fees are subject to change without notice.

Our Return Policy

All new and unused merchandise, except for printed or recorded items, may be returned within 30 days for a full refund of the purchase price, excluding shipping & handling costs. Please request a Return Merchandise Authorization (RMA) before making any returns. No returns are accepted after 30 days. For items with free shipping or shipping included in the price, the actual cost of shipping and handling will be deducted from the purchase price refund. Mid-East will issue refunds for the cost of the merchandise, but will not reimburse shipping charges or pay for return shipping. Returns must be in new and unused condition.

Shipping Damage

Damaged products must be repacked with their original packaging and reported within 3 business days of receipt. When reporting shipping damage, provide the tracking number of the package, your phone number, address, and all specific details about the damage. If possible, get photos of the damage, and in particular, make a note of the condition of the box. Mid-East can then request a damage claim pick up from the shipping company. If you fail to report the shipping damage within 3 days or if you no longer have the original packaging, you are responsible for the damage and all shipping charges both ways. Upon proper receipt of the damaged item, Mid-East will ship a replacement item or issue a credit or refund.

Returning Products

At Mid-East, quality is very important, and we inspect our musical instruments before we ship them to you. Occasionally something slips through that shouldn't, but we will courteously and quickly take care of it for you. Claims for defects must be made within three (3) business days of receipt, and if necessary, Return Service (RS) Labels will be issued for defective merchandise. Upon receipt of the defective item, Mid-East will ship a replacement item or issue a credit or refund of the product price. Prior to contacting Mid-East, determine the exact nature of the defect. If possible, get photos of the defect. Often, something that appears as a defect or damage is only a part that jiggled loose during shipping, or is a normal condition for a handcrafted instrument. If a product is returned on a RS label and is found not to be defective, at Mid-East's sole discretion, then the cost of the return shipping may be deducted from the credit or refund amount.
